

Parental Transportation

Athletes at Drury High School are expected to use the school provided transportation to and from all athletic events. However, situations do arise where parents/guardians find it necessary to transport student-athletes home from an away contest. This form has been developed to address these unique transportation needs and document that appropriate communications have taken place between student-athletes, parent/guardians, coaching staff, and the athletic director. Special permission will be granted to parents that need to transport their child for academic reasons, an important family obligation or for personal reasons due to COVID. . Please make sure this form has been signed and that the coach has been informed PRIOR to the date of the contest.

Student Name: _____
